LADIES PROGRAM

There's a lot to be done in Moose Jaw and the Ladies Program reflects that. Plans are underway for the Ladies to be able to do several things, depending on their preferences. For those who wish to visit the spa, remember to bring your bathing suit. For those who wish to tour the tunnels, bring good walking shoes. And for those who wish to visit the casino, remember to bring money!

Following breakfast the Ladies will meet at 10:00 in the lobby of the hotel in preparation for their program (see Ladies Program). As for the Brethren, they will carpool their way to the Scout Camp for their session commencing at 10:30.

The program will feature a First Degree using Canadian Rite with the Grand Master in King Solomon's Chair. Lunch will be provided by Mizpah OES and will feature soup, sandwiches, and deserts.

After the session is completed, the Brethren will head back to their respective accommodations to clean up and get ready to meet the Ladies. Saturday evening's banquet, catered by Charlotte's Catering of Moose Jaw, will feature roast beef with all the trimmings with entertainment to follow.

BRETHREN,

Welcome to this our third annual Outdoor Roaming Lodge and the first in Saskatchewan. We have good reason to be together – to share aspects of our beloved fraternity with Brethren from another jurisdiction and to enjoy the fellowship and goodwill that follows when "good men and true" get together.

So, relax, enjoy the events and take time to get to know one another better.

WHERE'S MOOSE JAW

Situated on the Trans Canada (No. 1) Highway, Moose Jaw is located 175 km (110 miles) north of the Canada-US Border and 340 km (210 miles) east of the AB-SK border.

Nestled in a picturesque valley where the Moose Jaw River and Thunder Creek meet, it is Saskatchewan's fourth largest city (32,000 or so). The community with the interesting name was first settled by Cree and Assiniboine Nations, but following the building of the CPR, it became a divisional point for railways and by 1885 was a major settlement. It was soon home to homesteaders, railway workers, and to members of the Sioux Nation who retreated with Sitting Bull after the Battle of Little Big Horn.

In that same year it became a major supply point of both men and munitions for the Northwest Resistance led by Louis Riel and Gabriel Dumont.

Today Moose Jaw is not only an agricultural service centre, it also features, among other attractions, the Temple Gardens Mineral Spa which uses hot mineral water from an underground aquifer; the Tunnels of Moose Jaw where the notorious gangster Al Capone supposedly ran his bootleg operation; and numerous murals done by local artists in the downtown area, murals that chronicle the local history and other highlights of the community.

WHAT TO BRING

Brethren, bring a lawn chair to use while at the camp and also a hat and a jacket. And remember to bring your aprons!

Casual wear only! Remember this is an outdoor event. And should the weather be inclement, arrangements have been made to hold the session indoors.
